A TRIBUTE TO THE SEAFARERS OF TOMORROW

Old St. Croix Royal Danish Navy - Naval Cadet was created in collaboration with the Cadet Association of the Royal Danish Naval Academy – the world's oldest naval officer school, founded in 1701. This blend honors the sailors who once helped keep the peace in the Danish West Indies, and the young cadets preparing for new missions across the seas. A portion of each sale goes to the Cadet Association's work, which had raised over €34,000 by the end of 2024.

Part of our Royal Danish Navy Collection, this well-balanced navy blend at 42% ABV is composed of carefully selected casks from renowned distilleries in the Caribbean and Central America. During maturation, our Master Distiller captured notes of saltwater, tarred rope, and tropical fruit – a flavor journey for adventurous cadets and anyone who feels at home at sea.

To new generations – and traditions that sail on.
