NON PLUS ULTRA

Black Edition

**DARK INTENSITY - FROM
BARREL TO BOTTLE**

Non Plus Ultra means “nothing further beyond” – a Latin phrase said to have been inscribed on the Pillars of Hercules, marking the edge of the known world. It’s also the name of our ultra-premium series of blends, where the boundaries of flavor and finesse are pushed to their limits.

Old St. Croix Non Plus Ultra - Black Edition is the most intense expression in the series. Crafted from selected casks sourced from renowned distilleries in the Caribbean and Central America, this blend is matured in heavily charred bourbon barrels. The charring process caramelizes the oak’s natural sugars and unlocks deep, concentrated aromas. The result is a dark, velvety blend with rich body, warm glow, and remarkable balance.

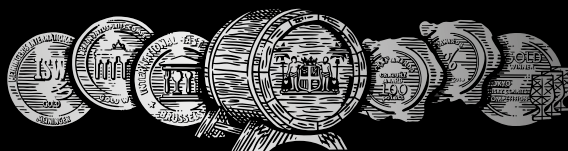

Each batch is limited to a maximum of 2,000 numbered bottles, presented in a sleek, black-cut decanter. Black Edition has received multiple international awards – including Gold at the Tokyo Whisky & Spirits Competition.

Step into the dark. Taste the light.
