## NON PLUS ULTRA

### *Very Rare*

#### AN EXTRAORDINARY TASTE EXPERIENCE

Non Plus Ultra means “nothing further beyond”—a Latin phrase once said to mark the boundary between the known and the unknown world. It is also the name of our exclusive series of ultra-premium blends, where the limits of flavor and finesse are continually redefined.

*Old St. Croix Non Plus Ultra - Very Rare* is only produced when our Master Distiller identifies casks of truly exceptional quality from the finest distilleries in the Caribbean and Central America. The blend is aged in oak barrels that previously held fortified and sweet dessert wines. This careful aging adds layers of complexity, sweetness, and aromatic depth—resulting in an elegant and harmonious spirit with a long, refined finish.

Each edition is bottled in batches of no more than 2,000 individually numbered decanters—faceted and exclusive, highlighting the craftsmanship within. Very Rare has earned top marks from the International Taste Institute and was awarded gold at the Tokyo Whisky & Spirits Competition.

**Savor the moment where everything comes together.**
