

OLD ST.CROIX

1838

XO Legacy Reserve

THE ORIGINAL TASTE OF
THE WEST INDIES

150 years ago, Danish adventurer and pharmacist Albert Heinrich Riise introduced spirits from the West Indies to the world under the name *Old St. Croix*—a tribute to the lush Caribbean island of St. Croix, renowned for its sugarcane production. Now, we are bringing *Old St. Croix* back, reviving this historic name in over 30 countries where our blends are enjoyed today.

Old St. Croix XO Reserve Legacy is the first blend to bear this reborn trademark. A contemporary tribute to the original *Old St. Croix* blend, this **Limited Edition** celebrates the return of our heritage brand, which will be used throughout our entire portfolio.

Honoring the legacy and craftsmanship of Albert Heinrich Riise, our Master Distiller has hand-selected exceptional casks from renowned distilleries across the West Indies and Central America. The result? A rich, complex, and velvety blend that takes you on a journey through time.

Lean back, savor the moment, and enjoy a pure taste of history.
