POLICE OFFICERS

## XO Thin Blue Line Reserve

A TRIBUTE TO THOSE  
WHO PROTECT US

When you enjoy this blend, you're also supporting Thin Blue Line Denmark—a nonprofit organization that helps current and former police officers who have been physically or mentally injured in the line of duty. Part of the proceeds goes toward vital support initiatives such as retreats, networking events, and peer communities. By the end of 2024, the collaboration had raised more than €35,000 for this important cause.

The XO Reserve series features extra-aged, double-distilled blends, carefully curated by our Master Distiller to ensure a smooth and consistent flavor profile. *Old St. Croix XO Reserve - Thin Blue Line* is crafted from selected casks sourced from renowned distilleries in the Caribbean and Central America. It's further matured in oak barrels, which add depth, roundness, and subtle complexity to the flavor. The result is a full-bodied, elegant spirit with distinct cask influence and a long, silky finish.

Support a worthy cause. Taste something remarkable.
