1838 LICORICE

LUXURY LICORICE SHOT WITH DEPTH AND CHARACTER

Old St. Croix Licorice Shot is a licorice liqueur that, unlike many ordinary licorice shots, actually tastes and smells like... real licorice! The secret behind this luxury shot is the use of high-quality liquid licorice and crystal-clear vodka, creating a perfect balance of sweetness while leaving a wonderfully warm sensation in the body. The mild, pure taste is the result of carefully selected ingredients combined with true craftsmanship. The flavor opens with a bold licorice note – reminiscent of classic salty licorice candies – before unfolding into deep English licorice and salmiak with a long, balanced finish. Absolutely addictive.

1838 Licorice has received several international awards – including a gold medal and the title of “Best Spiced Spirit of the Year” at the renowned *Meininger International taste institute*. A recognition that confirms what we already knew: quality can be tasted.

Enjoy licorice flavor at its very best.
